

Minnesota Child Care Association Sponsor Membership

The Minnesota Child Care Association (MCCA) is a statewide organization representing licensed child care centers throughout Minnesota. Our mission is to promote the success of licensed child care centers as an integral part of Minnesota’s early education system. We serve as a voice for professional, high-quality child care that is affordable, accessible, and able to meet the diverse needs of Minnesota families.

Our membership is varied and growing. We represent over 300 programs small and large, urban and rural, for and not-for-profit, faith-based, language immersion, Montessori, and more.

We invite you to apply to join us! As a sponsor member you will help us advocate for young children, families, and early educators in Minnesota while receiving myriad benefits. Please contact Sarah McJames at sarahmcjames@roomforgrowing.com with questions. We look forward to reviewing your application.
